- ¹ If the **European Union** is designated, it is compulsory to indicate a second language before the Office of the European Union. The second language must be chosen from among the following five languages, but may not be the language of the international application from which the international registration indicated in item 1 resulted, regardless of the language of the present subsequent designation. Thus, for example, if the international application was filed in French and this subsequent designation is in English, French may not be selected as the second language (check one box only):

☐ French ☐ German ☐ Italian ☐ Spanish

Moreover, if the holder wishes to claim the seniority of an earlier mark registered in, or for, a Member State of the European Union, the official form MM17 must be annexed to the present subsequent designation.

- ² By designating **India, Ireland, New Zealand, Singapore or the United Kingdom**, the holder declares that he has the intention that the mark will be used by him or with his consent in that country in connection with the goods and services identified in the present subsequent designation.
- ³ If the **United States of America** is designated, it is compulsory to annex to the present subsequent designation the official form (MM18) containing the declaration of intention to use the mark required by this Contracting Party. Item 6(a) of the present form should also be completed.

- ⁴ **Cuba, Ghana and Japan** have made a notification under Rule 34(3)(a) of the Common Regulations. Their respective individual fees are payable in two parts. Therefore, if **Cuba, Ghana or Japan** is designated, only the first part of the applicable individual fee is payable at the time of filing the present international application. The second part will have to be paid only if the Office of the Contracting Party concerned is satisfied that the mark which is the subject of the international registration qualifies for protection. The date by which the second part must be paid, and the amount due, will be notified to the holder of the international registration at a later stage.

- ⁵ Territorial entity previously part of the former Netherlands Antilles.
